**COMMUNICATIONS OFFICER: TBA**

## **ETIQUETTE**

The committee run the competition side of the club on a day to day basis for the benefit of other members and guests. We aim to conduct ourselves in a manner that befits our position and the best interests of the club.

It is therefore our request that all members and guests show equal amounts of respect to the committee and each other whilst on and off the golf course. Please be polite and helpful and play by the rules of golf.

Please avoid slow play and be aware of things going on around you. Please repair your pitch marks and replace your divots. Take care with your trolleys and when driving a buggy, proceed following greenkeepers guidelines near the greens. Please look after the course as much as you can, to maximise the enjoyment for everyone. Please adhere to the above and help the greenkeepers so that they have more time to carry out essential course maintenance.

Many thanks

The Committee

### **STANDARD STROKEPLAY / STABLEFORD COMPETITIONS**

Qualifying competitions should be played from the white tees on both courses during the summer. During the winter months the yellow tees on the Lakes course should be used, weather permitting. During the winter, qualifying competitions are to be played on the lakes course only, using the yellow tee markers.

Individual Strokeplay (Medal) competitions are to be played using full handicaps from the designated competition tees on the day.

Individual Stableford competitions are to be played using full handicaps from the designated competition tees on the day.

### **MASH UP**

2-3-4 Man team BB Stableford/Medal format using a 90% handicap allowance from the designated tees. Scoring on each hole can be anything from 2 to 4 scores to count on each hole. The BB score for each hole should be marked on the card in the correct column.

### **TEXAS SCRAMBLE**

2- or 3- man team competition using  $\frac{1}{4}$  of a combined handicap allowance. Each team member must use 6 or 9 drives each. On each hole all players tee off from the designated tee box and choose the best drive. Once the best drive has been decided e.g. player A, player A then marks a spot a cards width from his ball and plays the 2<sup>nd</sup> shot (from where his ball is). Players B / C then play from within a card's width of player A's original spot. If on the fairway the ball can be placed, if in the rough then the ball will be dropped. This process is continued up to and on the green with the best shot being chosen on each subsequent shot. N.B if a players drive /shot has been chosen and that player forgets to mark the position of his ball before playing his next shot then that is the shot that counts, the same rule applies on the green. When marking the card, the score for each hole should go in the column of the player whose drive was selected. This ensures each player has used the correct number of drives and is easily identifiable.

### **WALTZ**

3 Man team BB Stableford/Medal format using a 90% handicap allowance played from the designated tees. Scoring on each subsequent hole e.g. 1-2-3, 1-2-3, as the name suggests. The BB score for each hole should be marked on the card in the correct column.

### **TROPHY COMPETITIONS AND FORMATS**

Throughout the year we play for various trophy's, cup's and silverware, with the hope and belief that one day we might be victorious and see our name on the trophy winners board.

Due to the prestige and history that is attached to some of the trophy's, there are certain requirements that must be met to be eligible to win. Anyone can enter but they must adhere to the rules and guidelines of the competition on the day.

To win any non-trophy competition, you must have a ' CONGU' © status competition handicap. Any trophy, shield or silver ware competition in the Gents section of BWGC require players to have played three qualifying competitions be that medal, stableford or trophy competition. The three qualifiers must be within a rolling year from the time the competition was last played. For any mixed competitions men must adhere to the Gents competition procedures above.

It is the players responsibility to ensure they have the required number of qualifying competitions. If anyone is unsure of the number of qualifiers they have played, details can be obtained through the

Competition Secretary. In Summer and Winter knockout matches it is the responsibility of the top team or player in the draw to make contact with their opponents (within 7 days of the draw being published), to arrange to play the matches before the play by date.

Matches are to be played by the play by date. Neither a team or player can advance to the next round of the competition, unless the match has been played on, or before that date. The only exception to this is, if either a team or player can show evidence that they have made all efforts to arrange to play the match prior to the play by date and the other team or player has been uncooperative. Then, the committee will decide how the draw progresses.

#### **KIRK GIBB**

A Three-man team stableford competition that counts the best two scores on each hole. To be played on the designated course from the white tees using a 90% handicap allowance.

#### **KINNERSLEY CUP: MAX H/CAP 18**

An individual stableford competition played on the designated course from the white tees using a playing Handicap of 18 as per the competition allowance. (Players with a higher handicap than 18 can still enter the competition but must play off a max handicap of 18)

#### **MYLES FOSTER TROPHY: MAX H/CAP 18**

An individual stableford competition played on the designated course from the white tees using a maximum playing handicap of 18 as per the competition allowance. (Players with a higher handicap than 18 can still enter the competition but must play off a max handicap of 18)

#### **MIKE FISHER MEMORIAL: MAX H/CAP 18**

An individual stroke-play competition played on the designated course from the white tees using a maximum playing handicap of 18 as per the competition allowance. (Players with a higher handicap than 18 can still enter the competition but must play off a max handicap of 18)

#### **TONY ROBERTS: MAX H/CAP 18**

An Individual stroke-play competition played on the designated course from the white tees using a maximum playing handicap of 18 as per the competition allowance. (Players with a higher handicap than 18 can still enter the competition but must play off a max handicap of 18)

#### **CHANDLERS CUP: MAX H/CAP 18**

An Individual stroke-play competition played on the designated course from the white tees using a maximum playing handicap of 18 as per the competition allowance. (Players with a higher handicap than 18 can still enter the competition but must play off a max handicap of 18)

#### **CLUB CHAMPIONSHIP: MAX H/CAP 28**

An Individual Two-day best gross/net stroke-play competition played over both the Woods course on the Saturday and the Lakes course on the Sunday from the white tees using a maximum playing handicap of 28 as per the competition allowance.

(Players with a higher handicap than 28 can still enter the competition but must play off a max handicap of 28).

This is a two-day competition and entry fees for both days are to be paid on the Saturday when booking in.

### **CONTRUCTION 2000 PAIRS: MAX H/CAP 28-36**

A BB stableford any combination pairs competition. Played on the designated course from the white and red tees using a 90% handicap allowance and own stroke indexes. (Players with a higher handicap than 28 – 36 can still enter the competition but must play off a max handicap of 28 - 36)

### **NOTTS PROPERTY BOWL: MAX H/CAP 28**

An individual stableford competition played on the designated course from the white tees using a maximum playing handicap of 18 as per the competition allowance. (Players with a higher handicap than 28 can still enter the competition but must play off a max handicap of 28)

### **HASTINGS SHIELD: MAX H/CAP 28**

A BB stroke-play pairs competition played on the designated course from the white tees using a 90% handicap allowance. (Players with a higher handicap than 28 can still enter the competition but must play off a max handicap of 28)

### **CAPTAIN – VICE CAPTAIN CUPS**

A summertime Individual stroke-play knockout competition using match-play rules. Players receive full handicap difference from the lowest handicapped player who plays off scratch. (0)

E.G: Player A is off 8, Player B is off 15, (15 – 8 = 7) so player B receives 7 shots.

### **SECRETARY'S CUP**

A Summertime pairs Greensomes competition played on the designated course off the yellow tees using a handicap allowance of 3/8 of the combined total. Players both tee off on each hole, pick the best drive and play alternate shots until completion of the hole.

### **PERRIN SALVER**

A summertime pairs Greensomes competition for first round losers of the Secretary's cup. Played on the designated course off the yellow tees using a handicap allowance of 3/8 of the combined total. Players both tee off on each hole, pick the best drive and play alternate shots until completion of the hole.

### **WINTER LEAGUE DIVISION 1 AND 2**

A winter pairs competition comprising of two divisions based on a combined handicap.

Nine rounds are played from the yellow tees (weather permitting) consisting of three rounds each of BB Stableford, BB Medal, and BB Par/Bogey, using a 90% handicap allowance. Points are awarded based on how you finish as follows

1<sup>st</sup> 30pts - 2<sup>nd</sup> 25pts - 3<sup>rd</sup> - 20pts - 4<sup>th</sup> 18pts - 5 - 16pts

6<sup>th</sup> - 14pts 7<sup>th</sup> - 12pts - 8<sup>th</sup> - 10pts all other pairs are awarded 5pts.

The best six scores of each pair are counted and the top eight pairs from each division go through to a match-play knockout stage. The top of the league in each division, will play the eighth place of the league in the same division, the second in the league the seventh place, the third will play the third from bottom and the fourth will play the fourth from bottom in the first round of knockout matches. Winners from the knockout stages of the two divisions receive a Divisional Trophy and meet in the Grand Final with a chance of becoming Winter League Champions. Winners of the Winter League grand final receive the Winter League Trophy. The winners of the Winter League also go through to represent the club in the Daily Mail Foursomes.
